SKILLS

Technical Skills : HTML, CSS, JavaScript, Python, API, SQL

Frameworks : Django, Flask, Bootstrap, RestAPI

Development Tools: VS Code , PyCharm , Git , GitHub

Languages : Hindi, Marathi, English

PROFESSIONAL EXPERIENCE

Jr. Software Developer (Intern) | Cravita Technologies India Pvt.Ltd

Oct 2024 - Apr 2025

- Developed and maintained scalable web applications using Django.
- Reduced page load time by 40% through efficient database optimization and caching strategies.
- Lead a team of three developers to deliver a customer support platform ahead of schedule.
- Integrated RESTful APIs and enhanced system security using Django security.

PROJECTS

Technical and Hiring Assistance System | *Python, Django, MySQL*

- Developed using Django, a Python-based web framework, with JavaScript for client-side interactions.
- It has two modules, i.e., Admin and User.
- Users have two sub-modules, i.e., Developer and Hiring Recruiter.
- The developer part consists of information about the developer and some mock tests for the developer.
- In the HR department, they can search by the domain, and all the information about the developer in that domain is visible to the recruiter.
